

# LARSEN STRINGS

for Viola — *'It's all about the music'* —

## Larsen Original

Our Larsen Viola A has very nearly become the default choice as the foundation for the ideal viola set up. Offering versatility and projection combined with long lasting and consistent performance. Medium lends a lovely mellow sound, while strong offers brightness and power.

All four strings are offered in two tensions, medium and strong, the A string is also available in soft. The strong tension strings offer more volume and higher resistance to the bow.

### String Details

Original Viola. Our Viola A string is made on a solid steel core. It is wound with precision rolled stainless steel flat wire. The C, G and D strings are made with a unique multi-filament nylon core. We use windings of precision rolled silver flat wire for the C and G strings, and aluminium for the D string.

'Medium lends a lovely mellow sound, while strong offers brightness and power.'

A Soft Loop      A Medium Ball      A Strong Loop      D Medium      G Silver Medium      C Silver Strong

Larsen Original for Viola		Soft kg/lbs	Medium kg/lbs	Strong kg/lbs
